

ProPlex GBS GigaBit Switch

BUILT FOR THE ROAD!

Gigabit Ethernet switches designed for portable entertainment production

- High-quality switches suitable for all gigabit network applications including video file transfer
- Built for extreme conditions. Shock-mounted circuitry. Advanced thermal management.
- Fibre option via one or two heavy-duty OpticalCON QUAD connectors. OpticalCON DUO also available by special order.
- Gigabit Ethernet: 6 to 28 ports with tour-grade EtherCON connectors
- PoE and non-PoE versions available
- Compatible with a wide range of entertainment-specific protocols, including sACN, ArtNet, CobraNet, Dante, ETCNet, Ethersound, MA-Net, and more!
- Variable power input, 90-260 VAC, 50-60 Hz with PowerCON connector
- ProPlex "Blue Box" rugged tour-ready enclosures

Reconfigurable RackMount

GBS 1U 10-Port

- Reconfigurable! Any combination of data port modules can be moved between front and rear panels for practical gig-specific wiring.
- 8 MB buffer memory for the largest data loads

GBS 2U 28-Port

Mini PortableMount

GBS Mini
6-port, Single-Fibre Gigabit Ethernet
Switch for the Smallest Spaces

- Convenient, Economical, Durable! Suitable for a wide variety of production and staging applications.
- Comes standard with pre-drilled, removable yoke for a variety of convenient mounting options
- Fits anywhere. Truss mount, desk mount, or optional RackMount kit.
